

# A Base for Exchange in the Northeast Asia Region

The Northeast Asia Regional Intercultural Center is a facility where Toyamans can deepen their knowledge of countries in the Northeast Asia region and foreigners and Toyamans alike can conduct exchange with people from all over the world.

You can experience the unique air of China, Korea, Russia, and Mongolia in the themed meeting rooms, decorated with items from each country. In the Exchange Salon, you can watch Chinese, or other international television programs or relax with a foreign magazine or newspaper. Additionally, Japanese cultural presentations such as tea ceremony, flower arranging, or kimono wearing can be held in the Japan Room. Finally, we will provide you with the most up-to-date information on the Northeast Asia region.

This intercultural center overcomes nationalities and race to provide an easy-to-use facility. You are invited to use our facilities for exchange with Japanese, other foreigners, or international exchange activities.

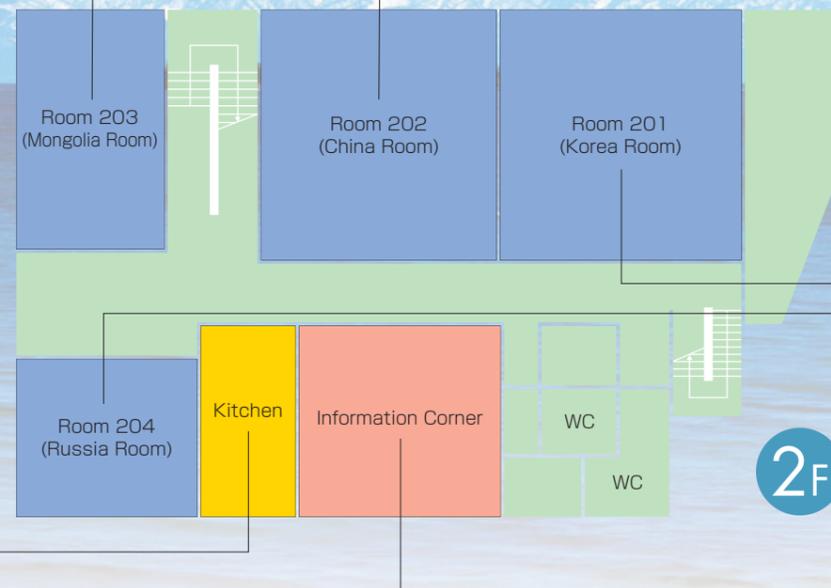

Japan Room

A variety of Japanese cultural activities can be held in this room from tea ceremony and flower arranging to kimono wearing.

Study Room

China Room

Mongolia Room

Russia Room

Korea Room

The China, Mongolia, Russia, and Korea rooms are each decorated with items from their respective countries. These rooms can be used for meetings, study groups, small parties and other events.

Information Corner

Internet, free of charge, is available here.

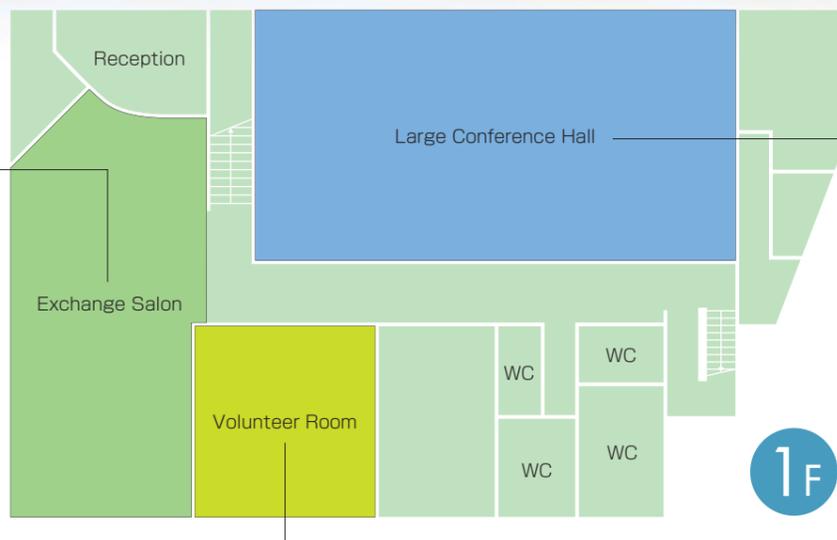

Kitchen

The kitchen is available for small parties and cooking events.

Exchange Salon

International television, newspapers, and magazines are available for your enjoyment. This space can also be used for interaction time between foreigners and/or Toyamans.

Large Conference Hall

This room can be used for exchange events, lectures, meetings, trainings, small parties and other events.

Volunteer Room

The Volunteer Room can be used by exchange organizations in preparation for their events.
